

DAF & HS-Schoch:

This must be love.

HS Schoch
Truck accessories/truck styling

This must be love.

Being a trucker means much more than just driving day after day from A to B and back via C. Being a TRUCKER means your job is your vocation in life.

For a real truck driver, his truck is not only his workplace or tool, it is his »home from home«, his daily companion.

En route on strange roads in foreign countries, his truck is often his only comrade in the long lonely nights.

No wonder real attachment grows. Two that belong together can get very close.

And of course every driver wants to be seen on the road with a truly attractive companion. One that is so eye-catching that it steals the show from other road-users.

For all this and more, **HS-Schoch** is the right address. Especially our exclusive stainless steel range makes trucker hearts beat faster – and converts »dull«, often inconspicuous trucks into true personalities.

Bull-catchers, lamp brackets, sidepipes, wheel accessories and compressed air horns made of finest V2A stainless steel ensure you make a distinctive, spectacular impact.

This catalog also contains high tops, cab bunks, spoilers, sun-screens, stowage facilities and a huge range of other practical articles which aim at making life easier and ensuring your safety on the highway.

**All based on the HS-Schoch motto:
»Quality over price«**

You're in for a pleasant surprise.

HS Schoch

The readers of **FERNFAHRER**, **lastauto omnibus** and **trans aktuell** have chosen our company as the **»best tuning & styling brand«** for the second time in a row.

We consider this prestigious award a confirmation and an acknowledgment of our work. At the same time, this award is an incentive for us to do all we can to keep you as our clients satisfied in the future.

True to our motto **»quality beats price«** we aim to continue offering you top quality and service at an attractive price.

This is what we are striving for.

Best regards

A handwritten signature in blue ink, appearing to read 'H. Schoch'.

Hermann Schoch

All aboard

No journey can really start until everything is »on board«. And in a context applicable for freight traffic, the proverb »As you make your bed, so you must lie in it« could be adapted to »As you load your truck, so you will travel«. To ensure that you can travel the roads of Europe safely and with confidence, **HS-Schoch** have developed perfect stowage systems you can rely on.

Pallet stow box PK2000 evolution light empty weight, low structural height and long service life; TÜV certification

Drilling dimensions/Installation instructions:

Please specify the three dimensions shown in the sketch when you place your order: (a) = centre-to-centre distance between frame members; (b) = lower flange width; (c) lower flange thickness. The stretch clamps supplied allow you to bolt the boxes underneath any trailer or semi-trailer.

Measure H:

Dimension from lower edge of member to lower edge of pallet storage box.

Dimension E:

Protracted dimension from bottom edge of support to pallet storage box in loading range.

PK2000 evolution

Powder coating in RAL-, HKS-, NCS- and own colours; effect finishes also possible.

The new pallet stowage box from HS-Schoch has been vested with eternal youth. Its body of hot-galvanized sheet metal with cathodic electro-dipcoated surfaces, including zinc-phosphating and powder-coating on request, is resistant to the customary aging and deterioration process. Rust doesn't stand a chance! To provide you with additional assurance in your decision in favour of HS-Schoch stowage boxes we have introduced the **6+3 Guarantee**, which warrants the box against rusting through for a period of 6 years and 3 months in accordance with our guarantee provisions.

Made by HS-Schoch

Even in times like these when the range of products is more diversified and extensive than ever before, it is important to know who one is dealing with.

With **HS-Schoch** you are always on the safe side. Take advantage of our long experience and our know-how in truck accessories that we have acquired and advanced over the years.

Our products are developed in close cooperation with the manufacturers of utility vehicles, ensuring that our accessories are optimally coordinated to the specific vehicles and comply with the latest design and safety standards.

All **HS-Schoch** bull-catchers, lamp brackets, sidepipes, etc. have been developed and are produced in our own works.

This ensures that you are always close to base.

Especially our stainless steel range will give your truck that special "plus" and is guaranteed to attract attention. Quality workmanship and top design, with everything mirror-polished by hand make sure of that.

But these are only a few of the reasons for choosing products from **HS-Schoch**.

HS-Schoch means quality at fair prices. And our high standard of quality extends not only to our products, but also to our service.

With us, you are definitely on the safe side.
