HS Schoch

Suitable for frame width:

Simple and secure:

EK1000 spare wheel carrier from HS-Schoch

- Simple to mount on the trailer framework
- Simple to fasten and remove the spare wheel
- Highly reliable and strong due to using square sections
- Fits on practically all types of trailer
- Two wheel carriers can be mounted at the same time
- Excellent corrosion protection by cathodic electro-dipcoating and zinc phosphating
- Powder-coated in RAL 9005 – other RAL colors available on request
- Available for 22.5" wheels with and without offset
- Total weight 22 kg
